

Have You Always Been Interested in Ham Radio but didn't Want to Learn Morse Code or Spend Weeks in a Classroom...?

Want to enjoy a hobby blending world-wide communications with the modern digital computer age? Interested in a hobby enjoyed by all ages in which you can also perform a public service? Like to build or tinker with "stuff?" Then ham radio is for you.

(More info at <http://www.hello-radio.org/>)

Get your amateur radio license in one weekend for \$15!

March 26, 27, and 28, 2010

THE HIGHLAND LAKES AMATEUR RADIO CLUB (HLARC) IS HOLDING A HAM RADIO CLASS IN A TIME-COMPRESSED FORMAT

Before the class	Get the ARRL Ham Radio License Manual (Level 1) and start study on your own (info below).	
March 26, Friday	7-9 pm	Introduction
Saturday	9am - 5pm	Tutored review
Sunday	9am - noon	Finish the review
Sunday	Afternoon	Take the test (\$15 fee) and get your results immediately
April 18, 2010	Follow-up session to help you actually get started, and get "on the air."	

Please let us know if you have an interest, as the class size will be limited to the first 20 registrations. Contact Sanford Musgrove, W5FIT, SMusgrove@281.com, or by telephone at 325-388-4402.

For further details, please check the club website at: www.HLARC.org

The study book, *The ARRL Ham Radio License Manual (Level 1)* can be obtained locally through the **HLARC**, or at the Austin Amateur Radio Store: www.aaradio.com, 1- 800-423-2604 or from The American Radio Relay League:
